

Life Math

Take a few minutes to “see” the potential impact of your life. Do the Math:

1. Your age now - _____
2. Reasonable number of years left to serve the Lord - _____
3. If you planted one church each year, how many churches could you plant? _____
4. If each church reached 10 persons each, how many people would be reached? _____
5. If you helped a “Timothy” plant one church each year and it planted one church each year and that pattern continued for the rest of your ministry years, how many churches would be planted? _____

1. - 1
2. - 2
3. - 4
4. - 8
5. - 16
6. - 32
7. - 64
8. - 128
9. - 256
10. - 512
11. - 1,024
12. - 2,048
13. - 4,096
14. - 8,192
15. - 16,384
16. - 32,768
17. - 65,536
18. - 131,072
19. - 262,144
20. - 524,288

6. How many people would be reached if 10 persons came to each church? _____
7. What if you were a miserable failure and only started 1% of the churches you wanted, how many would be reached? _____
8. Where can you begin the first church planting church?
